"Poster Slam" Presentation Guidelines

What is it?
The Poster Slam is a presentation that you can think of as a brief "ad" or "promo" for your poster. The purpose of your presentation is to convince others in the class to check out your work during the poster session (which will occur the week after). You may be as theatrical/dramatic as you like :-)

Please fill in [this](https://docs.google.com/forms/d/1KiJNF6qLvX99vEPOcvDzeFg2QSok9IsNPqzVskmXeXE/viewform)* form giving us the title of your presentation.
